

JOHN BIRKINBINE,
ENGINEER,
No. 25 N. JUNIPER STREET,
PHILADELPHIA, PENNA.

DEPARTMENT OF THE INTERIOR

UNITED STATES GEOLOGICAL SURVEY

DIVISION OF MINING STATISTICS AND TECHNOLOGY

Philadelphia, September 15th, 1895.

Daniel C. Gilman, Esq.

University Club.

New York

N.Y.

Dear Sir:

Your telegram of date addressed to Mr. John Birkinbine was received this afternoon. Mr. Birkinbine left the City last evening to arrange for the return of his family to the City, and I accordingly telegraphed you as follows "Mr. Birkinbine now at Exmoor, Pa. Here early next week". He was not certain whether he would come to Philadelphia on Monday or Tuesday, but will probably be here on one of those days.

Regretting that he will not be here this evening or tomorrow I am,

Yours Truly

P. L. Bitler

P. S. Any word sent to this office will be forwarded to Mr. Birkinbine if he should be absent when it comes.
