Mr D. C. Gilman
Baltimore, Md.

Dear Sir—

I have yours of 23rd inst.

Mr Collier wrote to me that he had forwarded to you my letter of application for favor at the Atlanta Exposition.

In case it may have been forgotten to send you my letter permit me to give you a statement which may convince you that I would be the right man in the right place if appointed—

At the Exposition of 1878 in Paris I was appointed Secretary to the American Commissioners. I wrote the report on glass and glassware for the U. S. Commission - I send you a copy of it by this mail—

In 1889 I was appointed one of the jurors on glass at the Paris Exposition. I was asked to write the report by the head so called expert but declined as he wanted it written under his name. He has not written any report—

Shall I forward
this? 60 pp. large 800
