Dear Sir:-

My Father, Edward Goode, and I have an exhibit of artificial stone in the Polk Co. Fla exhibit of which Dr. J. W. Inman is commissioner and Mr. B. W. Anderson is chairman.

We sent it there hoping we could get a diploma which might be of much benefit to us in selling territory for this patent that was granted to us by the U. S. last year; but Mr. Anderson informed me that the Committee had already been around before our sample exhibit arrived; however, I was advised to write to you and it might be that you could get arrange so that we could get a diploma. If it is possible, please make us out one and send it to me.

I guess this is the only exhibit of artificial stone in the Exposition. Hoping that you will give this your attention I am  
Yours truly  
T. A. Goode
