President D. C. Gilman:

My dear Sir:

At present it is my purpose to run over to Baltimore next Sat. the 28th inst. to discuss with you such details regarding the Atlanta Exposition Awards as may occur to you. I think I shall be at your office about 11 o'clock in the morning, which I trust will be agreeable to you.

At Chicago I was Chairman of the Jury on Instruments of Precision, but if this subject is already assigned to Professor Newcomb I shall ask for Geography.

Very truly yours,
