Dr. D. C. Gilman,
Chief of Jury of Awards,
North East Harbor, Maine.

Dear Sir:-

Professor A. F. McKissick, of the Alabama Polytechnic Institute, informs us that he is an applicant for the appointment as one of the judges of electricity at the Atlanta Exposition. It affords me pleasure to say that I have known this gentleman for sometime and while Secretary of the South-Eastern Tariff Association, he was directly in my employ and by this means, I have gained a very high opinion of his ability as an electrician. In addition to this, he is a gentleman of high character, energetic, and will, I am satisfied, give satisfaction if employed.

Yours truly,
