Air Corps Revises Cadet Training Plan

You can serve your country best by acting on this new Navy Plan Now!

Don't Quit College if you are 17-19 and want to become a Naval Officer!
**Track Team to Hold Meet With Washington College**

With a winning season behind it, Hopkins will cash in the season with Washington college weekend of the Mason-Dixon championships. The trackmen are scheduled to compete tomorrow, while the tennis men are entered for next Friday and Saturday.

The contest at the Mason-Dixon championships would be a close one for Hopkins, 12...17incible, even in defeat. It also marks the Jack McNaughton, who is to enter the Army Monday. As it appears on paper, the Blue Jays have wins in the 100, the 220, the high and low hurdles, the half mile, the 2,000 yard and the javelin. In the other events, one team or the other has scored in the distance events and the sprints, but one team was no respector, according to comparison to a few.

The Mason-Dixon championships show that Hopkins was no different. However, the Blue Jays have a good defense all the way and should score more out of the distance events than the latter win the championships are a good indication of the Blue Jays' ability to compete with the Hopkins trackmen.

Jack McNaughty, who is to enter the Army Monday, has won the 100, the 220, and the 440 yard, and the javelin. In the other events, both teams have scored, but the Blue Jays have scored more in the distance events and the sprints.

The Blue Jays will be victorious in the Mason-Dixon championships, but there are several other teams that could win. The Blue Jays, however, will be victorious in the Mason-Dixon championships, but there are several other teams that could win.

NOW...FOR COLLEGE MEN...A NEW OFFICERS’ TRAINING PLAN

* New Deferred Service Plan Allows You to Continue Your Education *

In the skies over America the mightiest air fleet in the history of the world is mobilizing for victory! So fast is it growing that there is a place here—an urgent need here—for every college man in America who is qualify for Officers’ Training.

The U.S. Army Air Force needs Flying Officers and Ground Crew Officers. And many of these men come from the ranks of today's college students—men who make their plans now for the necessary Aviation Cadet training.

Thanks to a newly created Air Force Reserve plan, men of all classes—aged 18 to 26, inclusive—can enlist for immediate service or continue the scholastic work required for graduation before being called to active duty. You must meet the requirements for physical fitness, of course. In addition, you take a new simplified test to determine your ability to grasp the training. A college man should pass it easily.

$75 A MONTH DURING TRAINING

Those accepted who wish immediate duty will go into training as rapidly as facilities permit. As an Aviation Cadet, you are paid $75 a month, with subsistence, quarters, medical care, uniforms, equipment, traveling expenses. In 8 months you can win an officer's commission as a bombardier, navigator or pilot—and be well started on your way to serve America and advance yourself in aviation.

MANY BRANCHES OF SERVICE

There are other commissions awarded in ground crew service. College men particularly will be interested in the requirements for Armaments, Communications, Engineering, Meteorology, Photography. If you have engineering experience your chances of getting a commission are excellent.

This great training is available to all college men. Cadets were commissioned as Second Lieutenants—about 67% as flying officers. Those who do not qualify remain in the Air Forces on an enlisted status and have further opportunities.

As a Second Lieutenant on active duty with the Army Air Forces, your pay ranges from $183 to $245 a month.

ACT AT ONCE

If you want to fight for America, this is where your blows will count. If you want the best training in the world, and years of solid achievement in aviation—the great career field of the future—this is where you belong. Your place is here—in the Army Air Forces.

If you plan to enlist immediately, start getting your necessary papers ready for the Aviation Cadet Examining Board...Advisor. You can take your mental and physical examination the same day you apply. Get further information now...* * *

NOTE: If you wish to enlist and are under 21, you will need your parent or guardian's consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the forms and send them home today—you can then complete your enlistment before any Aviation Cadet Examining Board.
